Crushed Curry scrap

Instructions

1. Use the Big Shot Machine to cut out the bow with the scrap of Crushed Curry.
2. You will also cut out the pop-out panel for the inside of your card using the score line as your guide for centering the die.
3. Stamp the banner and balloons as shown before you do any folding. A Stampin' Pierce Mat will help you get nice images.
4. Fold the stamped panel as shown and secure to the inside panel of your card with Fast Fuse or liberal amounts of SNAIL. Add strips of the Washi Tape for a festive touch.
5. Glue the 4"x 5 1/4" panel of Party Animal Designer Series Paper to the front panel of your card.
6. Stamp Happy Birthday in Pacific Point onto the 3"x4" panel of Whisper White as shown.
7. Attach the 2" square of Designer Series Paper above the stamped sentiment. Attach the bow with a Glue Dot.
8. Secure the present panel to the front of your card with Dimensionals.
