Instructions:

1. Fold the Pretty Peacock cardstock in half.
2. Adhere Whisper White cardstock to the top of the card leaving ¼" border at the top.
3. Adhere Designer Series Paper to the bottom of the card overlapping Whisper White cardstock.
4. Use the Cup of Cheer dies to cut out a cup in Basic Black and the topper in Silver Foil Paper.
5. Adhere the foil cup topper to the Basic Black cup using SNAIL. TIP: you can use a paper piercer or paper snips to take adhesive away from the cutout portions.
6. Cut out a candy cane using the two Cup of Cheer dies. Adhere together using SNAIL.
7. Stamp the greeting on the Whisper White cardstock using Real Red ink. Take paper snips to cut out edges of rectangle, then punch out a hole at the top with a paper hole punch.
8. Take a piece of the Real Red Curly Ribbon and tie a knot through the hole, the cut ends.
9. Place the cup approximately where you will adhere it and use it to gauge where to put the Snowfall Accents Puff Paint. Use a heat tool to heat set and you will see it puff up.
10. Adhere candy cane to the back of the cup with SNAIL, then add cup to the card using dimensionals.
11. Add tag to card using dimensionals.
