- 4.** Punch a 2" circle from Basic Black cardstock. Use the Lucky Stars Embossing Folder to create the embossed image on the circle. Adhere to the front of the card with Dimensionals.
- 5.** Create tips on Delightful Dijon cardstock banner and adhere with Dimensionals, on an angle, to the Basic Black circle.
- 6.** Punch star from Gold Foil Sheet. Adhere with Dimensional to the Basic Black Circle/Banner combination as shown.
- 7.** Stamp the greeting in Basic Black ink on scrap of Very Vanilla cardstock.
