Instructions

1. Score and fold the Sweet Sugarplum card base and set aside
2. On the Whisper White layer stamp the 'dots' from the Merriest Wishes stamp set with Pear Pizzazz ink at the top
3. Stamp the sentiment from the same stamp set in Basic Black on the bottom
4. Die cut the Pear Pizzazz cardstock with the Merry Tags Framelits Dies—this will be your letter 'O.' Use the die-cut to space out the letters for the next step
5. Use Sweet Sugarplum ink to stamp the letters 'J' and 'Y' from the Letters for You stamp set spacing them around the die-cut
6. Tie a piece of Metallic Gold Thread to the top of the ornament die cut and then carefully slide the Bow Paper Clip Embellishment on to the top of the die-cut. Add some SNAIL Adhesive to the back of the ornament and add to the card front
7. Take the remainder of the Gold Metallic Thread and bring it to the back of the Whisper White layer. Add SNAIL to the back of the layer ensuring there is some in place to hold the thread too. Add this piece to the card base
8. Tie a piece of Sweet Sugarplum Glitter ribbon to the Gold Metallic Thread and use a Glue Dot to hold it in place
